

Label Solutions

What do **GE/Betz, Lonza Chemical, DeGussa** and **CIBA** have in common?

## All have chosen TPG expertise to help design, integrate, implement and support their Labeling Solution.

The TPG team members has over 10 years experience in the Chemical Labeling Industry and over 20 years experience in the design and management of database solutions. We strongly believe that there is no "One-Size-Fits-All", an approach so common in the industry. TPG is committed to focusing on your needs. By recommending various solutions with in your timeframes and budgets, we streamline and improve your 'Print on Demand' label systems.

### C o n s u l t i n g

Our extensive market knowledge, combined with our experience in technology, enables us to assist companies in problem solving, defining needs and suggesting new concepts and ideas.

### D e v e l o p m e n t

We develop advanced tools and customized applications to create a seamless solution when the need arises.

### I n t e g r a t i o n

One of TPG's strongest advantages is the ability to integrate with MSDS programs, various databases as well as SAP and other ERP systems.

### T e c h n o l o g y

Whether you have a stand alone computer or a sophisticated intranet, we utilize tools that are in place today, including web-based applications to meet tomorrow's needs.

### D a t a B a s e

We offer a full range of services including: the structuring, building, integrating, reconstructing, converting, repairing and transferring of data and databases.

### S u p p o r t

We firmly believe support is critical to the success of a product or service. Therefore, we offer Help Desk Support, Roll Out Support and On-Site Support.

### P r i n t e r s   a n d L a b e l   S t o c k

To complete the HazChem Labeling solutions we offer various products from the best printer and label stock manufacturers such as: ELT, TEC, Zebra, HP and Kyocera.

### I m p l e m e n t a i o n

At TPG we have trained engineers who are experienced in turnkey implementation of a project limiting the required resources from your development teams.

### T r a i n i n g

We strongly believe in educating and empowering you to solve basic problems on your own. Our training is customized to the skill level and knowledge of each user.

### D o c u m e n t a t i o n

In cases where a product is developed or modified we provide full documentation and any required information to insure successful training and operation of the system.

We work hand in hand with our customers and vendors to create the best Labeling Solution for you.
